Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Elementary Italian Grammar In writing this little grammar of my native language, it has been my chief object to exhibit in as clear and easy a form as possible the main features of the accidence and syntax combined in their applications to those words and phrases which are most frequently employed in polite conversation. The Italian language, as now spoken und written by the educated classes, is very simple and precise. Long periods and intricate inversions are no longer in use. We admire them in the works of our standard authors of by-gone ages, but we take great care not to imitate them. Thus, without losing anything of its former grace and harmony, the Italian language has become in this century a very easy language too. This book being intended for beginners and travellers, I have added to it, in the form of an Appendix, a selection of useful words and phrases, which, it is confidently hoped, will greatly assist pupils wishing to speak the language as soon as possible. This new edition has been carefully revised and corrected in all its parts, and longer and more interesting reading exercises concerning Italian history and literature have been appended to the book, in order to render it as useful as possible. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy.
