The Pink Tie Principle is the ultimate strategy for smashing through any business challenge using master-level creativity (even if you re not creative). It is the six-step system that I developed, teach, and have repeatedly used to solve any and every challenge, in all sorts of companies. From small, start-up businesses to multi-million pound global organisations, this system solves challenges. It has worked every single time, without fail and I know that if applied correctly, it always will. Wouldn t it be great if you had a proven strategy that could get you through every challenge you re ever going to face? Wouldn t you feel stronger if you knew that whenever a challenge appeared, no matter how big, how sudden, or what that challenge was, you had a precise method for smashing it out of the way with absolute certainty, in the shortest time and with the least effort? Whatever your most pressing challenges are, I am going to give you a clear strategy that you ll be able to implement instantly. It will give you the systemized approach you need, to breakthrough to the outcome you most want. - James Ashford.
